**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-21 are rejected under 35 U.S.C. 102(a) as being fully met by Lee '048.

This patent discloses a hand-held apparatus and method with medium for use therewith. A memory is provided storing coded audio event data which is downloaded wirelessly. A MIDI standard is employed.

Claims 1-21 are rejected under 35 U.S.C. 102(b) as being fully met by either of Young, Kato, or Lee '553.

Each patent discloses a hand-held apparatus and method with a medium for use therewith. A memory is provided storing coded audio event data which is downloaded wirelessly. A MIDI standard is employed.

Applicant argues that the above references do not store coded audio event data; however, the MIDI standard employed in the above references is in fact coded audio event data, as is the data formatted in the MIDI standard in Applicant's invention.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Gross et al. and Ramaswamy are further cited to show related teachings in the art.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
